DASH: Hi! My name's Dash! September is Family Preparedness Month. My mommy and I pledge to prepare by building an emergency supply kit for me and the cat!

We start with food and water...Then add our medications, the most recent copy of our vaccinations. Don't forget the treats, ma! Or my toys! And a leash if you must.

Once everything is packed in our emergency kit, Mommy puts it in my doggie crate. So she can just grab it and go in case we have to evacuate!
